

Regional Planning, Monitoring, Evaluation and Learning (PMEL) Specialist (full-time)

Based in: Ouagadougou, Burkina Faso

About Agriterra

Agriterra is the world's leading not-for-profit agri-agency from-and-for agricultural cooperatives and farmer organisations. Our mission is to strengthen organised farmers in developing and emerging countries, given the importance of effectively organised farmers to sustainably address food security, economic development, climate adaptation and mitigation. We are financed and work via donor-granted projects and programmes. These long-lasting strategic partnerships with a variety of donors are key for us in our day-to-day work. For more information, visit our website www.agriterra.org.

About the job

As Regional PMEL Specialist you support the regional team composed of cooperative advisors and a regional manager, who are located in different country offices, in the Planning, Monitoring, Evaluation and Learning (PMEL) related activities to ensure the impact of Agriterra's work can be monitored and demonstrated towards relevant stakeholders.

In this position you work in collaboration with other Regional PMEL Specialists, and the HQ PMEL Specialist assigned to the region, all coordinated by the Team Leader PMEL based in headquarters.

You will support the regional team with the implementation of Acting Now 2023-2025 program, which aims to relieve the acute food insecurity risks in 6 African countries (Burkina Faso, DRC, Ethiopia, Ghana, Kenya, and Rwanda) by reaching 89,500 member farmers and 36,850 hectares through 100 farmer organisations. Additionally, you might be assigned to support other regional programs when required.

Among other tasks you will be responsible to review and ensure proper registration of data and documentation in our reporting software agro-info.net (AIN) in relation to action plans, activities, beneficiary organisations and results, by training, coaching and daily communicating your findings with your cooperative advisor colleagues who implement the field work. In addition, you will support the analysis of data to identify potential risks in the implementation of programs and proactively communicate your findings to program and regional managers, as well as support the preparation of internal and external reports.

What do you offer?

- Bachelor's degree in development related field or relevant working experience.
- 3 years of experience in PMEL / M&E role.
- Demonstrated experience developing and working with logical frameworks, performance monitoring, data validation and donor reporting.
- Proven experience working with databases and interactive data visualisation software (e.g., Power BI).
- Familiar with Microsoft Office 365. High command of Excel is a plus.

- Fluent in English and French, both speaking and writing.
- Required competences: strong analytical and digital skills, troubleshooter, innovator, punctual, attention to detail.

What do we offer?

- Salary between XOF 529,544 to 753,705 gross per month (based on experience).
- Developmental opportunities including an education fund.
- Wonderful workplace in an international organisation with great colleagues!
